

PRODUCT GROUP 10

Series 10-002 Cleaner for printed PVC

This detergent has specially been developed for the treatment of printed PVC and tarpaulin material. The substrate is being wiped with this cleaner to dissolve grease, dust, residues or impregnations and to prepare the substrate material for further printing. This special solvent mix is designed in such way so that the common coating of PVC-fabric foils are not being harassed and therewith the retention capacity for plasticizers will not negatively be influenced.

SUBSTRATES

PVC-fabric foils

USE

Application Lasting cleaning effect of used PVC-fabric foils (tarpaulins)
