

PRODUCT GROUP 140

Series 140-3113/00

White, opaque for Soft-Touch-Surfaces
Primer for Series 792

This highly opaque white is a 2-component pad printing ink for printing onto rubberlike materials, e.g. soft-touch lacquers. This system has a good adhesion combined with high abrasion and chemical resistances. Such coatings are more and more used on electronic and automotive parts, advertisement materials like pens, lighters, etc.. Also cosmetic packagings, electronic devices like mobile phones, MP3-player, radios are coated with this haptic systems. This special white is overprintable with all color shades of Series 792.

SUBSTRATES

Soft-Touch coatings	Rubber-like materials
---------------------	-----------------------

USE

Application	Electronic and automotive parts like cellphones, music devices, car interior, etc.
	Advertisement materials and haptic surfaces on f. e. packagings

PROPERTIES, PROCESSING, DRYING AND MESH

Mesh	Pad printing cliché scanned / polymer or steel
Drying / Curing	Jet and air drying, optionally oven dry at 80°C after all colours are printed (don't forget to add hardener!!)
Further Processing	Abrasion resistances

ADDITIVES

Thinner	Series 700-017 Series 700-019	Addition Ratio	10-30 %
Retarder	-	Addition Ratio	-

VARIOUS

Delivery Conditions	1 kg / 5 kg / 25 kg
Other	Hardener Series 600-HDA, addition 20 %

Disclaimer

Please thoroughly read the Material Safety Data Sheet (MSDS) prior to processing. The Material safety Data Sheets according to 91/155/EWG form, contain indications of hazardous ingredients. Exposure levels and instructions for precautions when processing, handling and storing as well as first aid. The information given in the MSDS refers to the processing as described within this technical leaflet. Above data are based on laboratory tests and field experience. All therein contained statements are to the best of our knowledge without any obligation from our side and do not discharge from testing the product by yourself. In doubtful cases, you are kindly requested to either perform your own tests or refer to our technical staff. Application, use and processing of the delivered products are beyond our control and are therefore at your own risk and responsibility. Printcolor is thus free from any guarantees or liabilities. In cases of justified complaints, Printcolor can only be made liable for the counterpart of the utilized ink system. Adding not stated products or foreign / competitors products, is solely at your own risk and liberates Printcolor of any later calls; especially in cases when damages occurred and which have been caused through use of products of foreign type.
